3	4 and 5	10:00~10:30	JSR
4	6 and 7	10:30~11:00	JSR
		11:00~12:00	JSR re-scrutineering
		12:00~13:00	Lunch break
5	11-15	13:00~13:30	JN6 (5 cars)
6	16-21	13:30~14:00	JN6 (6 cars)
7	22-27	14:00~14:30	JN3 (6 cars)
8	28-35	14:30~15:00	JN1 and BC4 (6 cars)
9	36-41	15:00~15:30	BC4 (6 cars)
10	42-46	15:30~16:00	BC4 and BC2 (5 cars)

*Re-scrutineering for Group 1 to Group 4 is from 11:00 to 12:00. For Group 5 to Group 10 at any time. Please follow the directions from the scrutineers when entering into the scrutineering area.

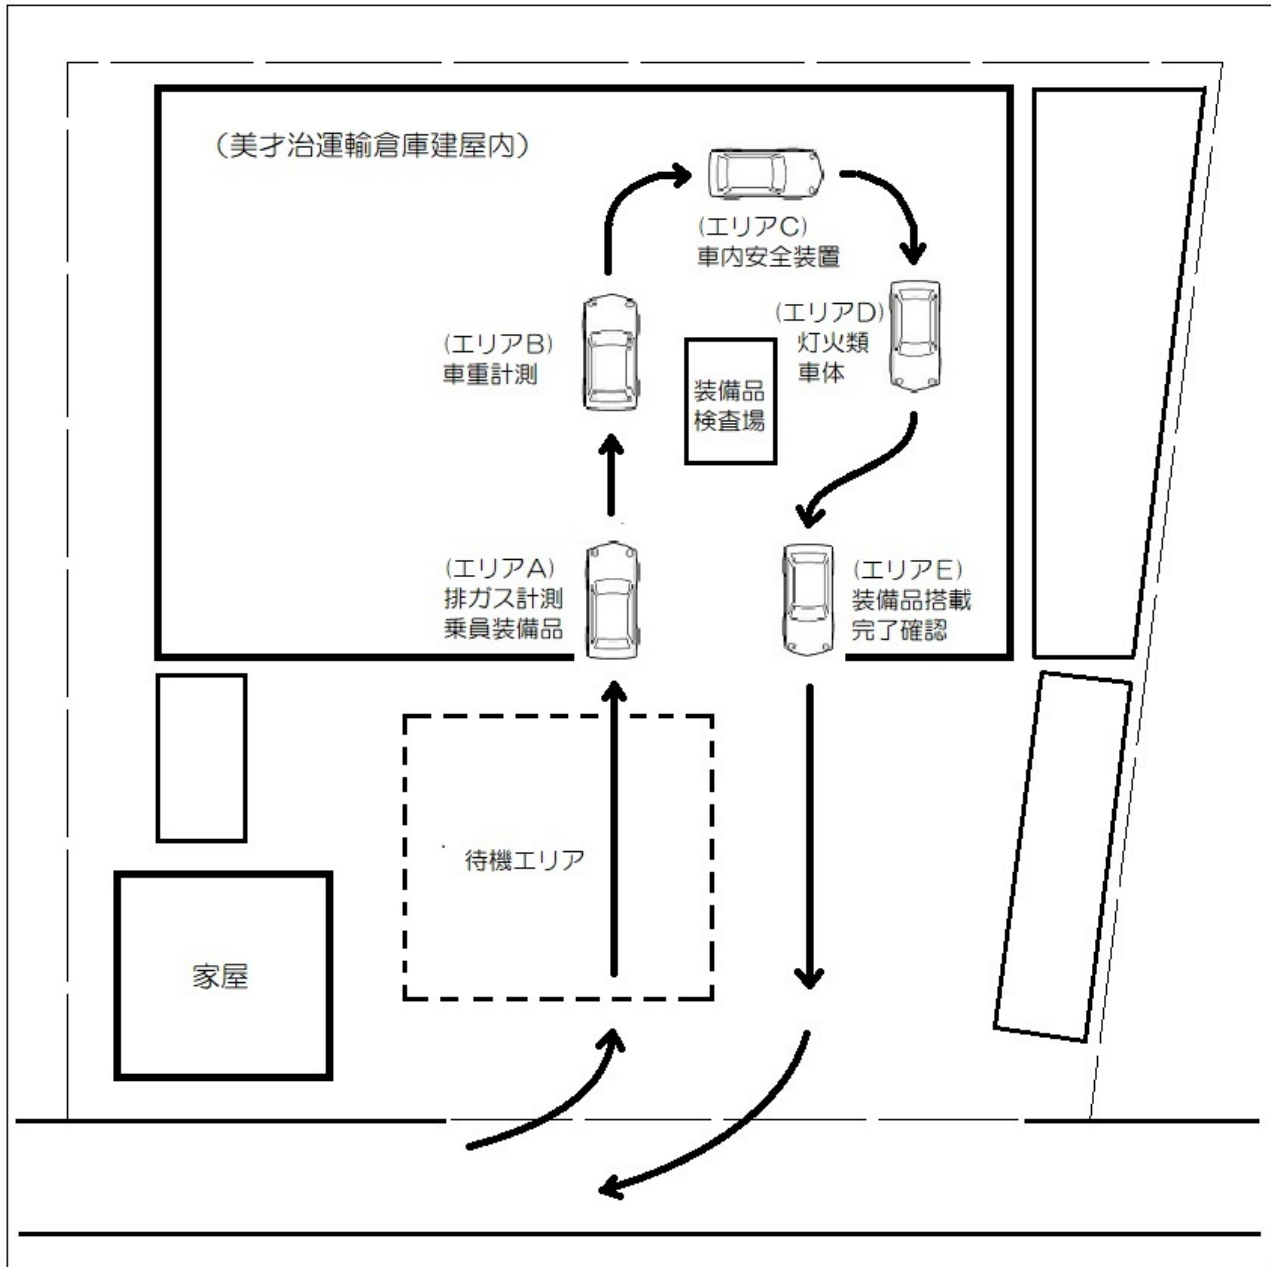

- 1-2. The air restrictors on JSR cars will be checked and sealed at the scrutineering. The cars must be ready for the sealing before entering the scrutineering area.
- 1-3. The air restrictors on JRC cars will be checked and sealed at their location at the service park between 09:30 and 10:00. All the super charged cars must be wired and ready for sealing.
- 1-4. Only designated car/crew equipment are allowed onboard during the scrutineering.
- 1-5. Spare wheels must be removed during the weighing, except RR and RN cars with one spare wheel. The quantity of fuel on the car must be declared correctly.
- 1-6. The fixing of ballast will be checked during the weighing.

2. For the competitors who are not able to attend the scrutineering in the meantime.

- 2-1. Alternative scrutineering time will be allocated for the competitors 1) and 2)
 - 1) If the competitors are on the recce and no team representative available.
 - 2) If the team representative handling multiple cars at same time.
 The competitors with above reasons, must contact the chief scrutineer or CRO for the new schedule.
 The competitors with other reasons or late at the scheduled time must wait at the designated area.
- 2-2. The competing cars must fit the same size of tyres as the tyres used on the rally for scrutineering.
 *Scrutineering area has limited space and access road is narrow. So the competitors are reminded to bring their cars only in the meantime.

3. Scrutineering Layout.

3-1. Illustration of the scrutineering area.

waiting zone – A(emission check) – B(weighing) – C(Safety) – D(Lamps) –E(Equipment)

4. Post event scrutineering

4-1. Post event scrutineering is the same venue as pre-event scrutineering. The crew or the team representative must bring the car to the post event scrutineering with the instructions from the scrutineer.

4-2. The competitors must have the original registration of the car and other necessary documents ready for the post event scrutineering.

4-3. The competitors must be ready to disassemble the engine and the suspensions.

4-4. All the disassemble work must be carried out by the competitors and scrutineer only check the cars or the items.

The scrutineering are closed area and only minimum number of team members and scrutineers are allowed inside the area.
